

## Request for Charitable Support

Asessippi Ski Area & Resort supports many charitable organizations every year. The Resort focuses its support to organizations within our market catchment.

The Resort usually donates ski or tubing lift tickets and has a fixed number available to donate each year. Charitable requests should be made well in advance of any fundraising activity.

Please understand that we cannot accept every request for support. If you do not receive a donation within two weeks of your request, the Resort was unfortunately not able to accommodate your application.
